Re: *California Public Records Act Request*

Dear Ms. Parker,

This correspondence constitutes the Cerritos Community College District's ("District") response to your California Public Records Act ("CPRA") request received by the District via email on January 2, 2023.

You requested the following:

".... a list of all categories of Web pages and other Internet-accessed resources which are monitored/logged when accessing outbound through the Cerritos College network."

Under the CPRA, a "public record" is defined as, "any writing containing information related to the conduct of the people's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." (Government Code § 6252(e)).

The Cerritos Community College District ("District") has determined that some records identified within your request may be exempt from disclosure under the CPRA at Government Code sections 6254 and 6255. As relevant here, records need not be disclosed where "the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Gov. Code, § 6255, subd. (a)).

The District cannot share our logging methods, monitoring capabilities, technologies used, or internal processes for such activity, due to a potential increase for an attack, compromise, increased risk or other vulnerability to the integrity and security of our network and computing environment (Gov. Code, § 6255, subd. (a)). Additionally, we do not have this type of list readily available, and we cannot prepare, compile, synthesize, summarize, or index this information as it is not already existing.

Please feel free to contact me if you have any questions regarding the above.
