Hello,

Under the California Public Records Act, CA GOV code sec. 7920.000-7931.000, as well as the California State Constitution, art. I, sec. 3(b)(7), I hereby request the District's current policy structure for blocking websites under the "newly-registered-domain" category. An example of what may be contained in this record would be the number of days it takes for a domain to lose the "newly-registered-domain" status.

If any clarification on this request is required, please contact me using this email address, or by SMS or RCS at (562) 299-8551. I cannot guarantee that I will be able to receive phone calls at that number.

Please provide an initial response by (at the latest, earlier is preferable) April 9, 2023, so as to be within the 10-day (not business or instructional days) boundaries of the California Public Records Act.

If the District deems that there are documents eligible for disclosure, please provide them in a digital format. Should the District deem part or all of the record exempt from disclosure, please provide the full names and positions/titles of all who were involved in the denial, as per GOV sec. 7922.540.

Thank you.
