Dear Ms. Parker,

Please find the attached letter in response to your request for public records under the California Public Records Act ("CPRA") received on December 2, 2022.

Thank-you

Felipe R. Lopez

Hello,

Under the PRA, the respondent is supposed to aid in cases of denial the requestor in modifying their inquiry so as to have the request no longer be denied. How would you recommend I modify the scope of the request so that the information it exposes does not threaten, in your and the IT Department's view, the integrity of the network?

Dear Ms. Parker,

Please find the attached letter in response to your request for public records under the California Public Records Act ("CPRA") received on December 4, 2022 requesting the following:

"... copies of all correspondence, decisions, recommendations, and supporting documents available which would be considered public records under the aforementioned Act, which relate to the recent (over the course of October and November) decisions to keep protocols such as Secure Shell (SSH) and ICMP Echo Requests ("pings") blocked for all outbound traffic exiting from the Cerritos College network."

Tue, Dec 13, 2022 at 10:27 AM

Were all conversations then held in-person with no documentation of the discussions or any justifications from each side?

Hello Amy,

The information you have requested could jeopardize the District's ability to effectively secure its network and assets and it would increase the potential for malicious activity and threat actors. Thus, the public interest in not disclosing the requested records clearly outweighs the public interest served by disclosure of the records. We have review and have determined there is no other documents exist that can be provided. We did provide links to our computer and network use policy and administrative procedure. Unfortunately, we don't have any other "public record" as defined by CPRA, "as any writing containing information related to the conduct of the people's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." (Government Code § 6252(e)).

Thank-you
