RE: Public Records Act Request – DOJ No. 2023-00648

Dear Amy Parker:

This letter is in response to electronic correspondence received by the California Department of Justice (Department) on March 20, 2023, in which you requested records pursuant to the California Public Records Act (Gov. Code, § 7920.000 et seq. [PRA].) Specifically, you requested the following:

I am seeking the body-worn camera (BWC) footage of the LASD incident in which Andre Mora was killed by the LASD Operation Safe Streets Bureau, file number #22-01832-04.

The CA DOJ took up an investigation on this case, and the BWC footage is currently held by the DOJ; it has not been provided back to LASD's Discovery Unit to be put on the deputy-involved shootings webpage (<https://lasd.org/transparency/deputyinvolvedshootingsprevious/>).

The Department completed a search for the requested body-worn camera (BWC) footage, including checking with knowledgeable persons, and confirmed that BWC footage of the referenced incident does not exist.

Sincerely,

/s/ Andrew Day
