Computer Science, B.S., CSU Fullerton, 2025

Director Beisner,

My name is Amy Parker. I am a Founding Member of the Open Information Collective, and a student at the University. Along with this cover letter, you will find a legal analysis of the major issues with the University's current policies and procedures concerning the handling of requests under the California Public Records Act (Division 10 of Title 1 of the Government Code). This cover letter was prepared by members of the Open Information Collective and other concerned students from the University.

We hope that you will review the analysis, and implement the suggestions listed within it. We would also like to request a meeting with you to further discuss the relevant policies and analysis, as well as to discuss other ways to lower the University's risk, ensure campus-wide compliance with the California Public Records Act across all employees, and further promote public accessibility to records.

Thank you for your time and consideration.

X_____
