Ahh I have met your sister!! Thank you for the warm welcome.

I am curious as to when the teachers get their yearly leave days added. I am working on this for another teacher who is in a similar position as you. What are the dates of the mornings that you need to take off?

I am hopeful the days get added either this week or on Tuesday next week since it is the first day with kids.

Good morning,

Welcome to WHS! My sister, _____ is good friends with _____ from high school – small world!

My husband is going on a work training in September and I will need to take 2 half days (A.M.) to do daycare dropoff... but my sick/personal days have not repopulated from last year yet so I am not able to put them into absence management (unfortunately I used all my time last year... ya know, 2 pregnancies and then sick kids...)

Do you know when those days will repopulate so we can put in absences? Thanks!

Good morning,

I was already planning to come in and send you an email this morning, but then I just saw your message come through as well. I just wanted to say thank you, so so much, for already how much support you've shown. As a new admin here, I feel like you've shown a comfort with working with all of us, and I do hope you feel the warm welcome right back. I saw you standing in the back during the Sources meeting yesterday and didn't get a chance to come thank you, but just wanted to let you know that your help, support, and involvement means a great deal to us, and the kids (especially for not being familiar with the program prior to this). Anywho, hope you have a wonderful time away to cherish all these new incoming moments 😊 and we can't wait to welcome you right back!

Best,
Nick

You can ask Katie if there are funds to buy pizza. We might want to get some fundraising going soon so we have money in our club account. If katie doesn't have any funds, we could have students bring money for pizza prior to the day of the event (do a pre order form), then turn that money into our account to place the order. Laurie can place the order through her pcard.

Hi guys!

So I went hunting for the information on lunch on October 5th SOS training. Looks like we will need to provide. Having never bought lunch for a club...or even ran a club before this year, how do we go about that? Is there a "lunch on school trips fund" or something that we use?

Thanks!

Hi again! So the "real" answer is that some schools choose to buy pizza, salad, cookies, and drinks (or something similar) for lunch for students and some schools have the students bring lunch or buy and return to the room to eat. Sources just wants to be sure that Peer Facilitators are eating together, but what that looks like can be determined by you and your admin.

See you on the 5th!!

Quick question about the October 5th training day - are we to supply our own lunch for the kids on that day or will it be provided? Thanks for the clarification!

Good afternoon! As we prepare to create the sub forms for the trainings, I noticed that WHS has identified 16 Adult Advisors. The ratio of Adult Advisors to Peer Leaders should be 1:10 with the max number of peer leaders being 75. This means around 7 and no more than 10 adult advisors. Can you please review your list and adjust accordingly? We are trying to be compliant with the expectations of Sources. Please let me know if you have any questions. Thanks!

Good afternoon Sources Coordinators & Admin!

I hope everyone had a great first week of school! Our fall trainings are quickly approaching. Since we will be creating the sub forms out of my office and also be paying for them, I really need each school to update the AA Rosters spreadsheet in the General section of our Team. We will begin working on these Monday afternoon so any updates after noon on Monday need to be communicated to me and Erica Roberts directly. Please be sure your AAs put their absence into Absence Management so they can secure a substitute.

About a week prior to your training, you will receive an email with details about the day(s) from your trainers. Those of you who have trainings the week of October 2 and 16 will also have national trainers on site. The communication will, most likely, come from them instead of your local trainers.

For schools that have only a 1 day combined training (all schools except for Gateway/Crossroads, Century, and South Carroll), you can expect that your AAs will have about a 2 – 2.5 hour training in the morning and then the PLs will join for the remainder of the day. If your admin wants to provide lunch for the day, that would be great. If not, please plan so that everyone gets a 30-minute lunch. It is best if all involved eat at the same time.

Schools should also be working on establishing their PLs and getting permission slips for any student who is new.

Please feel free to reach out if you have any questions or concerns!

Have a great weekend!

Amy

Hi Krystal,

Thank you so much for reaching out, and I apologize for not seeing this over the Summer. I was hoping to introduce myself in-person this morning but got caught in conversation after the meeting. I look forward to meeting you and working with you! As a Co-Advisor, I do share the Sources responsibilities with Gretch Jahn-Bertram (Social Studies dept.). We're both fairly new to this ourselves, so here's a to a great year of trial & error

Thanks again for taking the time to reach out, looking forward to working with you - and welcome to WHS! 😊

Hey all! (Krystal, I am CC'ing Aaron and Mary on this since they know . . . from last year)

I just wanted to send a positive email about our friend F... He is really doing a great job in mod 4 Government! He is taking notes, asking questions, working hard on assignments even when some classmates are off-task. He completed his entire study guide and worked on his summative vocabulary today, which is due on Monday. We had one little hiccup where he was out of assigned area last week (but even then, his classwork was done!) but since then we haven't had any issues with extended bathroom trips. I told him he's being doing a good job and I just wanted to reiterate that to you all as well :)

Have a good weekend!

Good afternoon Mr. King,

I hope you had a great Summer. I just wanted to reach out and touch base regarding eSports for this coming school year. This past Spring, you met with Alex and I here at WHS, and we went over some suggestions and

concerns with you about the program. I have recently taken over Source Of Strength here, so I will be stretched thin time-wise, but if eSports was going to continue here, I wanted to see if there was anything new we had to offer the students, before determining if we should advertise for our BTS Night. Primarily, were any new games approved over the Summer, or was there any decision to allow Discord to be used by participating students?

Thank you,

No new games have been approved - but if he has some in mind we can start the process.

Discord is still a no as well.

Thanks,

Bill

Hi Ted,

Have any more games been approved over the summer, or has Discord been approved to be used?

Please let me know if you are continuing coaching your schools Esports club. This school year we will focus on CCPS League if we have enough interest. Please let me know if you have any questions or would like to discuss other potential games for your team/s.

We will need to get a login or video of gameplay for review by Steve and Eric for consideration.

Thanks,

Bill

Would like to add Paintball2 as a game for CCPS intra league play. It's what I was using with my students years ago.
