Hello Ms. Parker,

We were able to meet on your request and still have some clarifying questions.

Would you be willing to meet with me by phone or zoom so that I can better assist you?

If we are understanding your request right, we wouldn't have any responsive documents because we don't block outgoing traffic from our networks.

If this response doesn't sound like what you are looking for, please let me know. We are very interested in complying with your request if we could get clarification.

Thank you,

Julie
