Hi! Can you please plan to be in the walkway at 12 to monitor the walkout?

Hi, Amy

I'm just getting out of a meeting. Thank you very much for sharing this with me.

Would you like me to send this? Or can you take care of it?

The CSU respect our student's right to free speech, and we understand student opposition to a tuition increase. The revenue from the tuition increase is essential to provide the CSU with the financial stability it needs to continue to serve students today and in the future. Coupled with an expanded financial aid structure that will look more holistically at the total cost of attendance, the CSU is committed to keeping costs as low as possible and providing support for students with the greatest financial need.

Hi, Amy

We had media on our campus covering a student walkout in protest of the tuition increase.

Can we send the CSU statement on the tuition increase to Christian.Grow@KTLA.com, and KTLA@KTLA.com?

Jocelyn
